MEMORANDUM FOR: Acting Deputy Director (Administration)

SUBJECT: Proposed Regulation [REDACTED] Cryptographic  
Clearances

(Job #280-III)

1. There is submitted herewith for authentication proposed [REDACTED] which states the basic policy and procedures to be followed in granting and controlling cryptographic clearances.

2. Publication of this Regulation was requested by the Assistant Director for Communications who collaborated with the Director of Security in the preparation of this issuance.

3. The subject Regulation was coordinated with and concurrences were obtained from the following:

Office of the Deputy Director (Intelligence)  
Office of the Deputy Director (Plans)  
Office of Training  
Office of Personnel  
Inspector General  
Cable Secretary  
Office of the Comptroller  
Office of General Counsel

4. The Director of Security concurred in the proposed draft subject to suggested changes in paragraphs 4 and 6. These changes involved the authorities of the Assistant Director for Communications and the Director of Security in connection with refusing and revoking cryptographic clearances. The differences have been resolved and the attached draft of [REDACTED] is acceptable to the Assistant Director for Communications and the Director of Security.

5. Authentication without further coordination is recommended as the revisions made subsequent to the coordination process are not such as to alter the concurrences received.
